

# 2023 Term 2 Curriculum in Year 3

## at Highland Reserve State School

### **English**

Students will listen to, read, view and analyse informative and literary texts. They will create and present a spoken procedure in the role of a character.

### **Maths**

Students will recall addition and subtraction facts and apply place value understanding to partition rearrange and regroup numbers. They will represent money values in various ways, count collections of coins and notes, make and match equivalent monetary combinations and correctly count change from money problems.

### **Science**

Students will understand how a change of state between solid and liquid can be caused by adding or removing heat. They will explore the properties of liquids and solids and understand how to identify an object as a solid or liquid. Students will evaluate how adding or removing heat affects materials used in everyday life. They will conduct investigations, including posing questions and making predictions, assessing safety, recording and analysing results, considering fairness and communicating ideas and findings.

### **Media Arts**

Utilising their analysis of the text, The Lorax, in English, students will go on to explore representations of people, settings, ideas and story structure in advertising and produce persuasive presentations focussing on moving images.

**Students will also participate in the following specialist lessons:**

#### **Humanities and Social Sciences**

with Mrs Jansberg or  
Mrs Taylor

#### **Health and Physical Education**

with Mr Aldridge or  
Mr Traucnieks

#### **Music**

with Mr Howland or  
Mrs Barker
