

# 2024 Term 3 Curriculum in Year 3

## at Highland Reserve State School

### **English**

Students listen to, read, view and interpret imaginative texts from different cultures. They comprehend the texts and explore the text structure, language choices and visual features used to suit context, purpose and audience. They will create, write and publish a narrative. Students will continue to read, view and comprehend texts with varying text features, structures and more complex letter patterns.

Students will listen to, read and view a range of poems. They will explore the context, purpose and audience and how poetic language features and devices can be used to create meaning. Students will write and perform a multimodal poem.

### **Maths**

Students will describe fractions as equal portions and represent fractions of a collection. They will match positions on maps and recognise angles in real situations. Students will identify symmetry in the environment, make a model of a 3D object and recognise angles in real situations. They will use metric units to measure and compare length, mass and capacity. Students will tell time to the nearest minute and solve problems involving time.

### **Science**

Students will understand how a change of state between solid and liquid can be caused by adding or removing heat. They will explore the properties of liquids and solids and understand how to identify an object as a solid or a liquid. Students will evaluate how adding or removing heat affects materials used in everyday life. They will conduct investigations, including posing questions and making predictions, assessing safety, recording and analysing results, considering fairness and communicating ideas and findings.

### **Digital Technologies**

Students will recognise and explore digital systems and their use. They will explore and use a range of digital systems, including peripheral devices. Students will apply skills in defining, designing, creating and evaluating a digital solution (an interactive guessing game) using visual programming language.

**Students will also participate in the following specialist lessons:**

#### **Humanities and Social Sciences**

with Mrs Jansberg or Mrs Taylor

#### **Health and Physical Education**

with Mr Aldridge or Mr McCracken

#### **Music**

with Mr Howland or Mrs Barker
