Please see list of 2026 Broadwater sporting events. For your child to be nominated to represent Highland Reserve State School at any of the Broadwater sports they must be able to perform at a **very high level**. Students who want to trial need to see Mr Aldridge for more information as soon as possible or **at least two weeks before the trial date**. School-based trials will be held first. Further details will be provided to students who are nominated for the Broadwater trials closer to the date. Students selected to attend Broadwater trials **must take their completed parent permission and medical forms** on the day and hand them in to the Broadwater officials running the trial. **Students without these forms will not be permitted to participate in the trial.** More information can be found on the school website or by emailing **Mr Aldridge: [raldr10@eq.edu.au](mailto:raldr10@eq.edu.au)**
