

2023 Term 4 Curriculum in Prep

at Highland Reserve State School

English

Students will have multiple opportunities to read, examine and respond to literature and explore text structure and organisation. They will predict and create a short response to a picture stimulus or an imaginative text that includes illustrations.

Maths

Students will continue to investigate numbers up to and beyond 20. They will learn about the days of the week and connect these to familiar events. Students will begin to show practical examples to model addition and sharing.

Science

Students will investigate how things move. They will observe the movement of different familiar objects and share their ideas about why certain objects move in particular ways. Students will reflect on their observations and ask questions about familiar objects.

Students will also participate in the following specialist lessons:

Humanities and Social Sciences

with Mrs Jansberg or
Mrs Taylor

Health and Physical Education

with Mr Aldridge or
Mr Traucnieks

Music

with Mr Howland or
Mrs Barker
