Please see list of 2024 Broadwater events. For your child to be nominated to represent Highland Reserve State School at any of the Broadwater sports they must be able to perform at a very high level. Students who want to try out need to see Mr Aldridge for more information at least one week before the trial date. Trials will be held at school first. More information will be given to students nominated for the Broadwater trial closer to the date. Students who are chosen to trial for Broadwater will need to take their parent permission and medical forms with them to the trial. Without these forms students **will not** be able to participate at the trials. More information can be found on the school's website.
